

INTEGRATED CENTRE FOR DISASTER MANAGEMENT(ICDM)

ANNUAL REPORT

(2019 – 2020)

INTRODUCTION

Integrated Centre For Disaster Management (ICDM), a non-governmental organization, registered under Indian Trust Act, is working towards Disaster Management in terms of Awareness and Training for readiness, Climate Change Education, Risk Analysis, reductions and mitigations, planning and mapping, capacity building training to various line department officials and staff, college and school students. ICDM is also developing Community based First Responders and others as per risks, hazards and vulnerability locations

ICDM has its own district training centers in 7 coastal districts of Tamil Nadu [India] and in 2 non-coastal districts. It has a history of successful emergency situation management and disaster management since the year of 1997 and is mandated to work in a purely secular manner in all spheres of its program activities.

ICDM gives priority only to the vulnerable areas & families belonging to underprivileged, Physically Challenged , Women, Children and the Elders , infirm and other economically backward people. The service doesn't consider any discrimination regarding caste, language, religion, ethnic origin or political affiliation. We focused on remote and neglected communities.

ICDM believes in supporting the community to become self-reliant, rather than making them dependant. Thus, ICDM has established itself as a professionally managed program in the field of Disaster Management. It has gained significance in the region by setting up a tradition of documentation, accounting all activities and processes which offer evidence based platform for learning and further planning.

ICDM will be empowered in implanting all the technologies applied for Disaster Management focusing on the most vulnerable communities taking its mission and objectives through practical approach and research studies.

ICDM stands as the backbone for the community against Natural Calamities and human induced disasters.

Vision:

For a just Disaster Resilient Society.

Mission

1. To make Disaster Prone Society efficient in Disaster management through Effective Training, Resource Development, Strategic learning, and knowledge-sharing by strengthening the State, District, Taluk and Block Administration in the parts of Tamilnadu as well as our country along with the community.
2. To channelize the responses from different administrations and community through sustainable efforts towards preparedness, prevention, mitigation, response and post-hazard recovery and rehabilitation.

Highlights

- During COVID-19 pandemic 'Reaching the unreached' is the core competence of ICDM. It has collaborated with various formal, informal organizations and volunteers to provide the basic requirements of the people in the lowest

strata like differently abled, Trans genders, leprosy affected, migrant workers and workers in unorganized sectors. Apart from providing materials our personnel actively involved in sanitization programmes.

- ICDM is collaborating with various government sectors with a focus on all the major areas of mitigation, preparedness, prevention and rescue activities during Disasters. Gender in disaster management is given priority and local women leadership is promoted to have sustainability of environment protection.
- Wherever we conduct programmes among the local youth, volunteers with the leadership qualities are promoted through encouragement and appreciation and follow up activities are done through them.
- We focus on more programmes for the health personnel as the frontline workers
- Learning by Doing is the core principle of ICDM in all our activities.
